

KIRAN KENDRE

FULL STACK DEVELOPER

PROFILE

I am a motivated and professional individual, organized and responsible in managing tasks efficiently and meeting deadlines. I have strong communication skills and work well independently or with others. I pay attention to details and handle tasks carefully. Eager to learn and improve, I adapt quickly to new situations and take initiative when needed. I am committed to personal growth and delivering quality in everything I do.

EXPERIENCE

Java Full Stack Developer Virtual Internship

AICTE – EduSkills | Apr–Jun 2025

- Completed a 10-week hands-on training, developing projects using Java, Spring Boot, HTML, CSS, JavaScript, React, and MySQL.
- Gained experience in the complete software development lifecycle including designing, coding, testing, and deployment.
- Enhanced problem-solving, teamwork, time management, and adaptability skills through real-world project exposure.

PROJECTS

Car Marketplace Platform

Built a full-stack car marketplace with React.js, TailwindCSS, Firebase, PostgreSQL, and Spring Boot, featuring authentication, real-time chat, media uploads, and deployment on Vercel.

AI-Powered Email Reply Generator

Developed a Spring Boot + React.js based AI tool that integrates with Gmail via a Chrome Extension to generate smart email replies using Gemini AI.

AI Resume Generator

Created an AI-powered resume builder with Next.js, Spring Boot, TailwindCSS, and AI models (DeepSea, Lama), supporting dynamic forms, real-time customization, and PDF download.
